BENCHMARK®

This is America's most prestigious Corvette award. The Benchmark award recognizes those very rare, select Corvettes that represent the ultimate in factory originality and condition. Benchmark Corvettes are not only unrestored, they are very near 'typical factory production'. It is as if they were put in a time capsule when they left the factory and have been preserved that way until the day they were judged. These Corvettes are the best research pieces for anyone doing a restoration or trying to learn about Corvettes of that generation.... hence the name Benchmark.

Entrants must be judged in both Survivor and Certification during the same weekend. Only Corvettes attaining a Silver Survivor or Gold Survivor and receiving a Gold Certification at the same Bloomington Gold event will qualify. Those candidates that retain the majority of finishes, colors, and condition and are preserved well enough to be used as a model for restorations, will then be awarded the highly coveted and prestigious Benchmark award.

These Corvettes are truly the Benchmarks of the marque.

BENCHMARK

Presented to _____ Corvette, VIN _____

Owned By: _____

Date of Awards: _____

BENCHMARK cars appear not only unrestored, but also preserved within a minimum or 95% (66% for SURVIVOR) of "Typical Factory Production." They truly represent the "benchmark" for those who want to know what a brand new, factory original Corvette really looks like (see reverse side). BENCHMARK cars represent the standards which historians, judges and future restorers can use to determine factory authenticity. BENCHMARK cars may be the sport's best link to the past and preserving Corvette's factory authentic heritage in the future.
